Fields:

- Regular price
- Sale price
- Start date (sale)
- End date (sale)
- Cost price (wholesale)

- Markup percentage
- Profit margin
- Price per unit (oz, lb, etc.)
- Multi-buy pricing (3 for \$5, etc.)
- Member price (loyalty)
- Competitor pricing
- Price history log
- Price change date
- Price approval required
- Minimum price threshold
- Maximum discount allowed
- Tax category
- Tax rate
- Tax-exempt toggle

Submenu: Stock Levels

Fields:

- Current quantity on hand
- Quantity on order
- Quantity reserved/held
- Available quantity
- Minimum stock level
- Maximum stock level
- Reorder point
- Reorder quantity
- Lead time (days)
- Safety stock level

- Location/aisle
- Bin location
- Shelf position
- Warehouse location
- Backroom quantity
- Display quantity
- Stock status (in stock/low/out)
- Last counted date
- Last received date
- Last sold date
- Stock turnover rate
- Days of inventory

Submenu: Variants

Fields:

- Variant type (size, flavor, color)
- Variant options list
- Variant-specific SKU
- Variant-specific barcode
- Variant-specific price
- Variant-specific stock
- Variant image
- Variant attributes

Menu 2.2: Stock Management

Submenu: Receive Inventory

Fields:

- Purchase order number

- Supplier/vendor name
- Delivery date
- Delivery note/BOL number
- Expected items list
- Received quantity
- Damaged quantity
- Missing quantity
- Expiration date check
- Batch/lot number
- Receiving location
- Received by (employee)
- Quality check notes
- Accept/reject items
- Update inventory button
- Print receiving report

Submenu: Stock Adjustment

Fields:

- Adjustment type (add/subtract/set)
- Adjustment reason dropdown
- Product selection
- Current quantity
- Adjustment quantity
- New quantity
- Adjustment date/time
- Adjusted by (employee)
- Adjustment notes

- Location
- Approval required
- Batch adjustment upload

Submenu: Stock Transfer

Fields:

- Transfer from location
- Transfer to location
- Product selection
- Transfer quantity
- Transfer date
- Transfer reason
- Requested by
- Approved by
- Transfer status
- Tracking number
- Transfer notes

Submenu: Stock Count/Audit

Fields:

- Count date
- Count type (full/partial/cycle)
- Department/category filter
- Product selection
- Expected quantity
- Counted quantity
- Variance (+ / -)
- Variance reason

- Counted by (employee)
- Verified by
- Count status
- Recount required
- Adjustment needed
- Count notes
- Print count sheet
- Upload count results

Menu 2.3: Purchase Orders

Submenu: Create PO

Fields:

- PO number (auto-generated)
- Supplier/vendor selection
- Order date
- Expected delivery date
- Delivery location
- Shipping method
- Payment terms
- Currency
- Product line items
- Product quantity
- Unit cost
- Extended cost
- Subtotal
- Tax
- Shipping costs

- Total amount
- Special instructions
- Buyer name
- Approval status
- PO status (draft/sent/received)

Submenu: Manage POs

Fields:

- PO number search
- PO status filter
- Date range filter
- Supplier filter
- PO list view
- Edit PO button
- Cancel PO button
- Receive against PO
- Partial receive option
- PO history
- Print PO
- Email PO to supplier

Menu 2.4: Vendor/Supplier Management

Submenu: Vendor Information

Fields:

- Vendor ID
- Vendor name
- Contact person
- Email address

- Phone number
- Fax number
- Website
- Address (street, city, state, zip)
- Tax ID/VAT number
- Payment terms
- Credit limit
- Currency
- Preferred payment method
- Account number
- Bank details
- Vendor category
- Vendor rating
- Active/inactive status
- Contract start date
- Contract end date
- Notes

Submenu: Vendor Products

Fields:

- Product catalog
- Vendor SKU
- Our SKU mapping
- Product description
- Unit cost
- Minimum order quantity
- Lead time

- Last order date
- Average delivery time
- Product availability

Submenu: Vendor Performance

Fields:

- Total orders placed
- On-time delivery rate
- Order accuracy rate
- Quality rating
- Return rate
- Average order value
- Total spend
- Payment history
- Outstanding balance
- Vendor notes/issues

Menu 2.5: Categories & Departments

Submenu: Category Management

Fields:

- Category ID
- Category name
- Parent category
- Category description
- Category image
- Display order
- Active/inactive status
- SEO metadata

- Category tax rate
- Margin target

Submenu: Department Management

Fields:

- Department ID
 - Department name
 - Department manager
 - Department location
 - Active/inactive status
 - Department budget
 - Sales target
-

MODULE 3: CUSTOMER MANAGEMENT

Menu 3.1: Customer Database

Submenu: Customer Profile (Detailed)

Fields:

- Customer ID (auto-generated)
- Title (Mr., Mrs., Ms., Dr.)
- First name
- Middle name
- Last name
- Suffix (Jr., Sr., III)
- Date of birth
- Gender
- Email address (primary)

- Points expiring soon
- Next tier requirement
- Tier benefits list
- Annual spend
- Transactions this year
- Average transaction value
- Last visit date
- Visit frequency

Submenu: Rewards & Offers

Fields:

- Available rewards (list)
- Reward description
- Points required
- Redeem button
- Active coupons
- Coupon code
- Discount amount
- Expiration date
- Usage restrictions
- Personalized offers
- Birthday rewards
- Anniversary rewards
- Referral bonuses

Submenu: Points Management

Fields:

- Earn points transaction
- Points earned amount
- Transaction reference
- Redeem points
- Points redeemed amount
- Redemption type
- Adjust points (manual)
- Adjustment reason
- Adjusted by (employee)
- Points expiration date
- Points history log

Menu 3.3: Customer Groups

Submenu: Group Management

Fields:

- Group ID
- Group name
- Group description
- Group criteria (rules)
- Number of members
- Special pricing rules
- Discount percentage
- Active/inactive status
- Created date
- Modified date

Menu 3.4: Customer Communications

Submenu: Email Campaigns

Fields:

- Campaign name
- Subject line
- Email content/template
- Target audience (all/segment)
- Schedule date/time
- Status (draft/scheduled/sent)
- Open rate
- Click rate
- Unsubscribe rate

Submenu: SMS Campaigns

Fields:

- Campaign name
- SMS message (160 char limit)
- Target audience
- Schedule date/time
- Delivery status
- Response rate

Submenu: Communication History**Fields:**

- Communication type (email/SMS/call)
- Subject/message
- Sent by
- Status (sent/opened/clicked)
- Customer response

MODULE 4: EMPLOYEE MANAGEMENT**Menu 4.1: Employee Database****Submenu: Employee Profile****Fields:**

- Employee ID
- First name
- Middle name
- Last name
- Display name
- Photo upload

- Date of birth
- Social Security Number (masked)
- Email address
- Phone number (mobile)
- Phone number (home)
- Emergency contact name
- Emergency contact phone
- Emergency contact relationship
- Address (street, city, state, zip)
- Hire date
- Termination date
- Employment status (active/inactive/on leave)
- Job title
- Department
- Supervisor/manager
- Pay rate
- Pay type (hourly/salary)
- Tax withholding info
- Direct deposit details
- Benefits enrollment
- Performance rating
- Notes

Submenu: Access & Permissions

Fields:

- User role (cashier/supervisor/manager/admin)
- PIN code

- Username
- Password (masked)
- Two-factor authentication toggle
- Module access permissions (checkboxes)
- Transaction limits
- Discount authorization level
- Refund authorization level
- Price override permission
- Cash drawer access
- Void transaction permission
- Manager functions access
- Reporting access level
- Active/inactive status
- Last login date/time

Submenu: Schedule

Fields:

- Weekly schedule grid
- Shift start time
- Shift end time
- Break times
- Department/register assignment
- Shift notes
- Availability preferences
- Time-off requests
- Approved time-off
- Shift swap requests

- Overtime hours
- Schedule conflicts

Submenu: Time & Attendance

Fields:

- Clock in time
- Clock out time
- Break start/end times
- Total hours worked
- Regular hours
- Overtime hours
- Late arrivals
- Early departures
- Absences
- Tardiness count
- Attendance rate
- Timesheet approval
- Pay period dates
- Export timesheet

Menu 4.2: Shift Management

Submenu: Create Shift

Fields:

- Shift name
- Department
- Start date/time
- End date/time
- Number of employees needed

- Required skills
- Assign employees
- Break schedule
- Shift notes
- Recurring shift toggle
- Recurrence pattern

Submenu: Shift Board

Fields:

- Date selector
- Department filter
- Shift timeline view
- Employee availability
- Shift coverage status
- Open shifts
- Fill shift button
- Publish schedule
- Notify employees

Submenu: Time Clock

Fields:

- Employee PIN entry
- Clock in button
- Clock out button
- Break start button
- Break end button
- Current shift info
- Hours worked today

- Supervisor override
- Biometric/badge scan
- Geolocation check

Menu 4.3: Payroll Integration

Submenu: Payroll Summary

Fields:

- Pay period start/end dates
- Employee list
- Regular hours
- Overtime hours
- Gross pay
- Deductions
- Net pay
- Tax withholdings
- Export to payroll system
- Approve payroll button

Submenu: Commission Tracking

Fields:

- Employee name
- Sales total
- Commission rate
- Commission amount
- Bonus earned
- Commission period
- Payment status

Menu 4.4: Performance Management

Submenu: Performance Metrics

Fields:

- Employee name
- Transaction count
- Average transaction value
- Items per transaction
- Scan rate (items/minute)
- Void rate
- Accuracy rate
- Customer satisfaction score
- Upsell rate
- Attendance rate
- Punctuality score

Submenu: Reviews & Evaluations

Fields:

- Review date
 - Review period
 - Reviewer name
 - Performance rating (1-5)
 - Strengths
 - Areas for improvement
 - Goals for next period
 - Employee comments
 - Manager comments
 - Signature/acknowledgment
-

MODULE 5: REPORTING & ANALYTICS

Menu 5.1: Sales Reports

Submenu: Daily Sales Summary

Fields:

- Report date
- Total sales (\$)
- Number of transactions
- Average transaction value
- Total items sold
- Total discounts given
- Total tax collected
- Payment method breakdown
- Sales by hour
- Sales by cashier
